WWW.EAP-SAP.COM

THE PREMIER EAP & SAP INTERNET DIRECTORY SINCE 1996

Do you want more contacts from companies seeking your services, and more visits to your company's website?

Every day many companies use this directory to locate EAP Providers, Consultants, and Substance Abuse Professionals. DataLink is in our 21st year of maintaining this one-of-a-kind EAP Providers and Consultants Directory and the SAP Directory.

These Internet directories received over 295,000 visits last year from those seeking the services of EAP and SAP Providers. Also, many providers and consultants use the directory as a source for contacts and referrals. Currently, 237 health, government, and employer related websites link to our directory. The EAP & SAP directory is also highly listed on Google & Yahoo.

The fee to be listed in the EAP and the SAP Directory is still only \$45 per year. If you or your company provides both EAP and SAP services, the \$45 fee gets you a listing in both Internet Directories. If your company has a website, a user of the Directory will be able to click on your company name and go directly to your website.

To have your company listed on the EAP and/or SAP Internet Directory, simply print and fill out this form and mail it, along with your check, to DataLink (address at top).
